You will make your presentation using the breakout room function of ZOOM. Three conference rooms, Room A, B, and C, will be open and each room is divided into three sessions.

|  | Room A |  |  | Room B |  |  | Room C |  |  |

|  | AP-8 | - | AP-13 | BP-6 | - | BP-10 | CP-8 | - | CP-14 |
| break 12:00-13:00 |  |  |  |  |  |  |  |  |  |
| 13:00-14:20 |  | P |  |  | P |  |  | P |  |
| . 14.20 | AP-14 | - | AP-21 | BP-11 | - | BP-15 | CP-15 | - | CP-20 |

Each session, A-1 to C-3, opens breakout rooms and your presentation number has been assigned to a breakout room. The assignment of each presentation number is listed on the next page of this note. Please upload your poster at your breakout room during the session ( 80 min ). You will have a short presentation ( 5 min ) and discussion ( 5 min ) at your breakout room at the scheduled time.
$>$ How to upload your poster at your breakout room.
Log in to the room assigned to your presentation (room A to C). Click "breakout room" to find your presentation number. Participate your breakout room and share your poster at the breakout room. Please have discussions when the guests come to your breakout room.
> How to have a short presentation and discussion.
The presentation ( 5 min ) and discussion ( 5 min ) have been scheduled to all poster presentations. Start your presentation after the announcement by the chairperson.

1 bell $=1$ minute before the end of your presentation ( 4 minutes have passed).
2 bells $=$ the end of the presentation ( 5 minutes have passed).
3 bells $=$ the end of the discussion time ( 10 minutes have passed).
Powerpoint presentation with several sheets (not poster material) is recommended for the short presentation. Presentation using the poster material is also acceptable.
